BUSINESS CONTINUITY PLANNING (BCP)

Businesses today face unprecedented threats: severe weather, cyber attacks, network outages, supply chain disruptions, public relations disasters, etc. These and other events can impact the health and sustainability of the enterprise. Business leaders have a duty to their employees, suppliers and other stakeholders to keep essential functions operating during critical events.

Unfortunately, the process of developing, maintaining and testing a comprehensive Business Continuity Plan (BCP) is often difficult and time consuming.

With our expert consulting, world-class online software and superior training, BOLDplanning can make business continuity planning faster, easier and more effective. We've helped develop more than 10,000 preparedness plans.

Expert Consulting

The BOLDplanning consulting approach is built around industry-adopted best practices. We monitor all guidance and references from FFIEC, FDIC, DRII, and DHS/FEMA to ensure that everything you do is compliant with any applicable regulatory requirements and professional standards.

In addition to understanding preparedness planning requirements, our experienced consultants are skilled facilitators and communicators. These facilitation skills, coupled with a proven BOLDplanning methodology, generates greater participation and interaction across the organization.

BOLDplanning has helped develop
more than 10,000 public and private
sector preparedness plans.

BOLDplanning's comprehensive online BCP platform includes:

World-class Online Platform

BOLDplanning's leading edge, cloud-based software is designed to help businesses and organizations of all types and sizes create practical and compliant plans. As an online solution, the plan is accessible from virtually anywhere at any time. Plus, it's easy to use, yet flexible enough to meet an organization's unique operational needs.

Superior Training & Exercising

Training and exercising are essential to maintaining preparedness. BOLDplanning training and exercise packages range from minimal workshops to complete project management for multi-year projects. The BOLDplanning training approach conforms to all DHS/FEMA guidance for training, including the Homeland Security Exercise and Evaluation Program (HSEEP)--a proven framework for exercise design, conduct, evaluation and improvement.

Businesses and not-for-profit organizations across the country turn to BOLDplanning to assist with business continuity plans. Additionally, we help organizations with other related planning initiatives, such as Emergency Operations Plans (EOPs) and Disaster Recovery Plans (DRPs).

Whether a small business or a large enterprise, you can trust BOLDplanning to help foster a culture of preparedness throughout your entire organization.
